

New Chapter TBP Headquarters contacts:

A recent restructuring at Tau Beta Pi Headquarters (Knoxville, TN) will change how the staff interacts with individual collegiate chapters. Rather than Rebecca dealing with chapter reporting and Sherry with Engineering Futures and Convention, each will now be responsible for chapters by District.

Rebecca will work with chapters in Districts 1, 2, 9, and 11-16 while Sherry will work with chapters in Districts 3-8 and 10. This includes collegiate and alumni chapters. While either would be able to answer a question for any chapter, they will concentrate on chapters in their Districts.

Rebecca and Sherry will be available at the 2017 Convention in Michigan. Please introduce yourself as they will be working registration and visiting during District meetings.
