## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 1

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: "Smoker"-Informational Meeting for Electees Date(s) of Project: 9/13/2018

Project area:  Community/  
Liberal Culture  University/  
College  Profession/  
Engineering  Chapter/  
Social  Education/  
Prof. Dev.

Number of persons who participated in this project Members: 49 Electees: 22  
(Please attach a list of names.)

Hours spent on this project. Organizing: 3 Participating: 2

### DESCRIPTION:

I. General Description: The Tau Beta Pi "Smoker" for the Arkansas Alpha chapter is our informational meeting for those who have been elected eligible to join. We present information on Tau Beta Pi and benefits of membership. The meeting is attended by candidates, officers, members, and advisors.

II. Purpose & Relationship to Objectives of TBP: The purpose is to recruit new members to the chapter by demonstrating the value of membership and networking among chapter members.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
This event was entirely planned and executed by the chapter officers.

IV. Cost & Personnel Requirements: There was no cost to this event. The president prepared and gave a presentation regarding the history of the chapter and Tau Beta Pi in general, as well as the benefits and requirements of membership. It is always helpful to have the other officers, members, and advisors present to welcome the candidates and network with them.

V. Special Problems: There was an issue with the engineering administration double-booking the room that the Smoker was held in, but fortunately we were able to work it out and finish the meeting in time for the other group to use the room. This resulted in less time for networking, and is a situation we hope to avoid in the future.

VI. Overall Evaluation/Results (Be Specific): This event was a successful one, as we had a high attendance of potential electees and high attendance of members. Because of the interest in this event, we were able to initiate 20 members this semester.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 2

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Initiate Meeting # 1 Date(s) of Project: September 19<sup>th</sup>, 2018

Project area:  Community/  
Liberal Culture  University/  
College  Profession/  
Engineering  Chapter/  
Social  Education/  
Prof. Dev.

Number of persons who participated in this project (Please attach a list of names.) Members: 1 Electees: 23

Hours spent on this project. Organizing: 1 Participating: 1

### DESCRIPTION:

I. General Description: The initiate meeting is a time for initiates to learn the specifics of the initiation process. Initiates also pay their \$25 fee to get their board and bent that they have to work on before Initiation. Initiates are able to ask questions about what is required of them.

II. Purpose & Relationship to Objectives of TBP: The purpose of this meeting is to get those elected to join TBP feel comfortable with the process of joining TBP. This meeting makes sure that we always have new members getting initiated.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: There was no cost to this event. The Initiate Trainer prepared and gave a short presentation about the history of the chapter and Tau Beta Pi in general, as well as the benefits and requirements of membership.

V. Special Problems: No problems occurred.

VI. Overall Evaluation/Results (Be Specific): This event was successful. We had 23 potential initiates at this meeting. Of those in attendance, 20 of them paid the initial \$25 fee which demonstrated that they were interested in becoming TBP members.

## Chapter Project Report

Chapter: AR Alpha

Project number: 4

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Board Signing Party 1

Date(s) of Project: 10/23/18

Project area:  Community/  University/  Profession/  Chapter/  Education/

Liberal Culture College Engineering Social Prof. Dev.

Number of persons who participated in this project Members: 81/105 Electees: 26  
(Please attach a list of names.)

Hours spent on this project. Organizing: 2 Participating: 2

### DESCRIPTION:

I. General Description: Student members and faculty members gathered on campus to welcome the newly elected members. The newly elected members presented their boards and conversed with current members as they gathered the signatures of faculty and student members.

II. Purpose & Relationship to Objectives of TBP: The purpose is for members and faculty to meet members and ensure that the newly elected class has fulfilled their requirements to join the chapter. This also allows opportunities for members to converse with faculty members and seek educational and professional development. This event also allows are chapter to build a stronger community of dedicated high-achievers.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
Only Tau Beta Pi members, electees, and faculty were invited to participate in this event.

IV. Cost & Personnel Requirements: Food was provided at a cost to AR alpha chapter funding.

V. Special Problems: This event is thrown twice every semester and the biggest problems to prepare for is finding good spot on campus and making sure faculty are able to participate in the event.

VI. Overall Evaluation/Results (Be Specific): This event ran smoothly as we reserved a lounge during the day in the engineering building on campus. Faculty was able to stop by during their lunch hour and participate in the event. This resulted in a good member participation and a great opportunity for newly elected members to meet the organization and learn more about the members.

VII. Index of Exhibits: This event will be continued in future semesters and used as a strong event to grow the chapter.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 5

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Fall Board Signing Party 2

Date(s) of Project: 10/31/18

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 48

Electees: 14

Hours spent on this project.

Organizing: 2

Participating: 1

### DESCRIPTION:

I. General Description: Held a social event as an opportunity for members and faculty to meet the initiates for the fall semester, and as an opportunity to help initiates get signatures from faculty, members, and officers for their boards, part of their initiation requirements.

II. Purpose & Relationship to Objectives of TBP: This board signing party allows for networking among members, faculty, and initiates, and thus increases relationships between each. It also helps to ensure that all initiates are up to Tau Beta Pi standard.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
The main organization required was to book the room, order pizza from dominos and have it there on time, and communicate the date to faculty, advisors, members, and initiates.

IV. Cost & Personnel Requirements: The room was free to book, and we were able to secure funding from the Associated Student Government for the pizza and drinks.

V. Special Problems: There was a very strong turnout of members and fairly good one of faculty, but there were not as many faculty/advisors there as we would have liked. In the future, we will make efforts to better communicate with faculty and give incentives for coming.

VI. Overall Evaluation/Results (Be Specific): Overall, the event went very well, and we had a strong member turnout, likely due to the incentive of pizza. Initiates benefitted from an opportunity to get their boards signed, and members were able to bond with each other as well. The Dean of Engineering came and signed boards, which was a great opportunity for all members and initiates. In the future, we hope to provide food incentives again as well as potentially procure a larger room.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 6

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Initiate Test Date(s) of Project: November 7<sup>th</sup> & 8<sup>th</sup> 2018

Project area:  Community/  
Liberal Culture  University/  
College  Profession/  
Engineering  Chapter/  
Social  Education/  
Prof. Dev.

Number of persons who participated in this project (Please attach a list of names.) Members: 1 Electees: 20

Hours spent on this project. Organizing: 1 Participating: 2

### DESCRIPTION:

I. General Description: Initiates that had completed their social and service hours came and took the initiate test. The test was administered by the Initiate Trainer on two different nights. The test is fill in the blank and has questions about TBP history and Arkansas Alpha Chapter. Initiates have to get all the questions correct to be initiated.

II. Purpose & Relationship to Objectives of TBP: The purpose of the test is to ensure that initiates know the basic information about TBP before they are initiated.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: There were no cost involved with this event. The tests were printed off for free at the University library.

V. Special Problems: No problems occurred.

VI. Overall Evaluation/Results (Be Specific): All 20 potential initiates took the test and passed. This was the final step for all 20 initiates to get initiated the following week.

Project name: Engineering Futures

Date(s) of Project: Fall 2018

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 18

Electees: 5

Hours spent on this project.

Organizing: 6

Participating: 4

### DESCRIPTION:

I. General Description: We hosted the Engineering Futures session of Equity, Inclusion, and Ethics with J.P. Blackford

II. Purpose & Relationship to Objectives of TBP: The purpose of this event was to provide professional development in a specific area to our TBP members through a TBP-facilitated event.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

Once we had confirmed the session with TBP HQ, our Program Chair coordinated all logistics for reservations and overseeing publicity with our Publicity Chair and funding with our Treasurer.

IV. Cost & Personnel Requirements: TBP Headquarters waived the \$50 fee because we had sufficient attendance. Our student government funded meal costs, and TBP HQ sent personnel to facilitate the event.

V. Special Problems: There were no problems.

VI. Overall Evaluation/Results (Be Specific): We experienced our highest turnout for an EF session since we began hosting. We will be having J.P. back for this semester. The event was a success.

VII. Index of Exhibits: We hosted the session in a classroom and publicized to all University students.

Hours spent on this project. Organizing: 3 Participating: 1

### DESCRIPTION:

I. General Description: This event was held to initiate electees into the organization according to the guidelines set forth by National Headquarters.

II. Purpose & Relationship to Objectives of TBP: This event was in direct relationship to the purpose of TBP, as it was intended to bring in new members and spread the ideals of the organization.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

This event was organized and administered by the chapter officer core with help from chapter alumni Charles Caldwell.

IV. Cost & Personnel Requirements: Approximately \$50 was spent on snacks and refreshments for the attendees. Nine personnel were required.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The event was a success. Member attendance and support was high, the national guidelines were followed, and the newly elected members were excited to join the organization.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 9

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Fall Game Night Date(s) of Project: November 8, 2018

Project area:  Community/  University/  Profession/  Chapter/  Education/  
Liberal Culture College Engineering Social Prof. Dev.

Number of persons who participated in this project Members: 27/105 Electees: 3/20  
(Please attach a list of names.)

Hours spent on this project. Organizing: 1 Participating: 2

### DESCRIPTION:

I. General Description: We held a social event as an opportunity for members and electees to get to know one another. We supplied snacks, drinks, card games, and Mario Kart/video games.

II. Purpose & Relationship to Objectives of TBP: This event increases bonding between the members of Tau Beta Pi and allows students to have a relaxing day.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: A room was booked within White Engineering Hall free of charge. We borrowed a popcorn machine from the Engineering Welcome Center. We served drinks from our surplus from another event.

V. Special Problems: We asked the members to bring their favorite board game to play with the group, but few were able to do so.

VI. Overall Evaluation/Results (Be Specific): This event could have had a better turn out, but overall it was a good event. In the future, the officers need to be fully responsible for the procurement of games, as asking the members to bring theirs resulted in very few games. A room with moveable tables and chairs would have created easier access to the games.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 10

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Fall 2018 Eligibility Election Meeting Date(s) of Project: 9/6/2018

Project area:  Community/  
Liberal Culture  University/  
College  Profession/  
Engineering  Chapter/  
Social  Education/  
Prof. Dev.

Number of persons who participated in this project Members: 51 Electees: 0  
(Please attach a list of names.)

Hours spent on this project. Organizing: 1 Participating: 1

### DESCRIPTION:

I. General Description: Tau Beta Pi seeks to initiate members who demonstrate excellence in engineering and have exemplary character. At this meeting, members have the opportunity to confirm the character of eligible electees.

---

II. Purpose & Relationship to Objectives of TBP: Ensure that the eligible electees who have demonstrated high academic achievement also have good character.

---

III. Organization & Administration: (in conjunction with another group?)  Yes  No

This event was only associated with Tau Beta Pi.

---

IV. Cost & Personnel Requirements: There was no cost associated with this event. A room request was needed for this event.

---

V. Special Problems: None

---

VI. Overall Evaluation/Results (Be Specific): Members were broken up by department to discuss if the eligible electees had good character. For all of the electees that were confirmed, an information packet was made to be delivered to all of the electees the following week.

---

VII. Index of Exhibits: The attendance list is attached below.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 11

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Fall STEM Career Fair

Date(s) of Project: 9/26/2018

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 38

Electees: 26

Hours spent on this project.

Organizing: 6

Participating: 2

### DESCRIPTION:

I. General Description: The Arkansas Alpha chapter coordinates with our career services to provide career fair benefits to our members. These benefits include early admission to the career fair, unique TBP member nametags, and a resume book for employers.

---

II. Purpose & Relationship to Objectives of TBP: These benefits help our members stand out in front of employers. Having the best and brightest engineering students stand out at the career fair benefits our members, our university, our organization, and even the employers.

---

III. Organization & Administration: (in conjunction with another group?)  Yes     No

This project was coordinated with the career services staff of the College of Engineering. We send them a list of our members so they know who they can expect to let in early to the fair. We also compile a resume book of our members that career services sends to the employers on behalf of our chapter.

---

IV. Cost & Personnel Requirements: Nametag holders were purchased in bulk in Fall 2017 and provided enough for this semester. The nametags were created and the resumes were compiled by our Vice President who is in charge of these benefits.

---

V. Special Problems: With this being our third semester providing these benefits, the process is well documented, and no problems occurred.

---

VI. Overall Evaluation/Results (Be Specific): These benefits continue to pay dividends for our members and are great advertising for our chapter. I was told by three of our members that they were

contacted before the career fair because of the resume book. These benefits receive great feedback from our members and will continue to be provided.

---

VII. Index of Exhibits: The attendance list is attached below.

---

**Attendance:**

Adam Goertz
Alaa Abdelgawad
Alex Hendrickson

Chapter: AR-A

Project number: 12

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Lake Sequoyah Cleanup Date(s) of Project: 10/27/18

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project (Please attach a list of names.)    Members: 2    Electees: 6

Hours spent on this project.    Organizing: 1    Participating: 2.5

### DESCRIPTION:

I. General Description: Tau Bates along with other student groups from the UofA walked trails and picked up trash and recyclables around the lake.

II. Purpose & Relationship to Objectives of TBP: This event is a time to socialize with fellow Tau Bates while getting to be outside and clean up one of our community's public parks.

III. Organization & Administration: (in conjunction with another group?)  Yes     No  
Fayetteville Parks and Recreation Department

IV. Cost & Personnel Requirements: There was no cost for this event.

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): This event was one of three lake cleanups that our chapter participated in with the Fayetteville Parks and Recreation Department. Each of these events are loved by members as they get service hours, get to be outside, and prizes are handed out at the end.

Chapter: AR-A

Project number: 15

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Bent Cleaning Date(s) of Project: 11/12/18

Project area:  Community/  
Liberal Culture  University/  
College  Profession/  
Engineering  Chapter/  
Social  Education/  
Prof. Dev.

Number of persons who participated in this project (Please attach a list of names.) Members: 0 Electees: 6

Hours spent on this project. Organizing: 1 Participating: 1

### DESCRIPTION:

I. General Description: Each semester our members and electees clean and polish our 3 brass bents on campus.

II. Purpose & Relationship to Objectives of TBP: This event is a time to socialize with fellow Tau Bates while completing service to benefit our chapter. It also promotes good campus view of Tau Beta Pi by keeping our bents in good shape.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: Cost was about \$10 total to buy a couple bottles of Brasso and several rags from Walmart.

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): This event is always a success every year and keeps our bents in overall good condition. For future years polishing tools could be used to make the event even better.

Chapter: AR-A

Project number: 17

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Butterfield Elementary Science Club Date(s) of Project: 9/21/18

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project                      Members: 3                      Electees: 8  
(Please attach a list of names.)

Hours spent on this project.                      Organizing: 1                      Participating: 1

### DESCRIPTION:

I. General Description: Members of Arkansas Alpha visited a local elementary school to talk about science and we made slime with the students.

II. Purpose & Relationship to Objectives of TBP: This event is a time to socialize with fellow Tau Bates while getting to play with slime and teach young students about STEM ideas.

III. Organization & Administration: (in conjunction with another group?)  Yes     No  
Butterfield Elementary Science Club

IV. Cost & Personnel Requirements: Cost was about \$20 for supplies for slime: glue, glitter, baking soda, etc.

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): This event was one of the most successful and fun events that we have had for a service opportunity. The kids really enjoyed making slime and the Tau Bates enjoyed working with them. Only downfall was it was quite messy.

Chapter: Arkansas Alpha

Project number: 18

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Engineering Futures

Date(s) of Project: Fall 2018

Project area:  Community/  
Liberal Culture  University/  
College  Profession/  
Engineering  Chapter/  
Social  Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 4

Electees: 0

Hours spent on this project.

Organizing: 3

Participating: 1

### DESCRIPTION:

I. General Description: We had a meeting with our inaugural Program Committee to decorate bents for Halloween and discuss future opportunities.

II. Purpose & Relationship to Objectives of TBP: The purpose of this event was to increase campus presence of TBP and discuss future opportunities.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

The Program Chair organized and administered the event.

IV. Cost & Personnel Requirements: Program Chair spent ~\$10 on decorative supplies to increase chapter presence.

V. Special Problems: There were no problems.

VI. Overall Evaluation/Results (Be Specific): As the first meeting of our first Program Committee, the event was successful and progressive for the future of TBP AR A.

VII. Index of Exhibits: We invited only Program Committee members to participate.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 19

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Park Social

Date(s) of Project: September 9, 2018

Project area:  Community/  
Liberal Culture  University/  
College  Profession/  
Engineering  Chapter/  
Social  Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 22

Electees: 1

Hours spent on this project.

Organizing: 2

Participating: 2

### DESCRIPTION:

I. General Description: We held a social event at Veteran's Memorial Park that encouraged members and initiates to socialize, have fun, and enjoy the great weather at one of our many parks. We supplied snacks, drinks, games, and utilized the parks sand volleyball courts for impromptu games.

II. Purpose & Relationship to Objectives of TBP: The social event encouraged members and initiates from various different majors and levels of study to interact and grow as an organization. Another key point of the event was to utilize the wealth of opportunities that Fayetteville has to offer and get out of the classroom/study rooms to enjoy the beautiful weather.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: We purchased snacks, chips and cookies, for the event and used leftover beverages from past events. We borrowed outdoor games, Frisbees, soccer balls, and volleyballs from the Engineering Welcome Center. The event was held at a public pavilion free of cost, which included 4 neighboring sand volleyball courts.

V. Special Problems: The event had to be delayed once due to the park being flooded from heavy rain on multiple days prior to the originally scheduled date.

VI. Overall Evaluation/Results (Be Specific): This was the first time this event had been held, and attendance for it was much higher than anticipated. Most of the members/initiates that attended the event stayed for close to the full duration. We had originally planned to bring BBQ to the social, but it was cancelled due to the rain delay. We eagerly look forward to hosting this event again this spring!

(Please attach a list of names.)

Members: 9

Electees: 0

Hours spent on this project.

Organizing: 1

Participating: 2

### DESCRIPTION:

I. General Description: The Tau Beta Pi officers of Arkansas Alpha went to dinner and trivia together at a local restaurant.

II. Purpose & Relationship to Objectives of TBP: We had our regular officer meeting while getting food, and were able to bond as officers.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
We decided to go a week in advance and made sure to go at a time where they could give us a table for 9.

IV. Cost & Personnel Requirements: The officers paid for any food with our own personal money.

V. Special Problems: There were not any issues with this event.

VI. Overall Evaluation/Results (Be Specific): This event went well! The officers enjoyed having a meeting in a different location.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 21

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: "Smoker"-Informational Meeting for Electees Date(s) of Project: 2/13/2019

Project area:  Community/  
Liberal Culture  University/  
College  Profession/  
Engineering  Chapter/  
Social  Education/  
Prof. Dev.

Number of persons who participated in this project Members: 64 Electees: 23  
(Please attach a list of names.)

Hours spent on this project. Organizing: 3 Participating: 2

### DESCRIPTION:

I. General Description: The Tau Beta Pi "Smoker" for the Arkansas Alpha chapter is our informational meeting for those who have been elected eligible to join. We present information on Tau Beta Pi and benefits of membership. The meeting is attended by candidates, officers, members, and advisors.

II. Purpose & Relationship to Objectives of TBP: The purpose is to recruit new members to the chapter by demonstrating the value of membership and networking among chapter members.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
This event was entirely planned and executed by the chapter officers.

IV. Cost & Personnel Requirements: There was no cost to this event. The president prepared and gave a presentation regarding the history of the chapter and Tau Beta Pi in general, as well as the benefits and requirements of membership. It is always helpful to have the other officers, members, and advisors present to welcome the candidates and network with them.

V. Special Problems: Fortunately things went very smoothly this semester. The only issue was we actually had a few more people show up than we had space for in the room, which is something we will be sure to account for in the future.

VI. Overall Evaluation/Results (Be Specific): This event was a successful one, as we had a high attendance of potential electees and high attendance of members. Because of the interest in this event, we were able to initiate 28 members this semester.

Chapter: Arkansas Alpha

Project number: 22

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Initiate Meeting 1

Date(s) of Project: February 19<sup>th</sup>, 2019

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 1

Electees: 11

Hours spent on this project.

Organizing: 1

Participating: 1

### DESCRIPTION:

I. General Description: The initiate meeting is a time for initiates to learn the specifics of the initiation process. Initiates also pay their \$25 fee to get their board and bent that they have to work on before Initiation. Initiates are able to ask questions about what is required of them.

II. Purpose & Relationship to Objectives of TBP: The purpose of this meeting is to get those elected to join TBP feel comfortable with the process of joining TBP. This meeting makes sure that we always have new members getting initiated.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: There was no cost to this event. The Initiate Trainer prepared and gave a short presentation about the history of the chapter and Tau Beta Pi in general, as well as the benefits and requirements of membership.

V. Special Problems: No problems occurred.

VI. Overall Evaluation/Results (Be Specific): This event was successful. We had 11 potential initiates at this meeting. Of those in attendance, 10 of them paid the initial \$25 fee which demonstrated that they were interested in becoming TBP members.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 24

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Spring Board Signing Party 1

Date(s) of Project: 4/2/19

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 81

Electees: 26

Hours spent on this project.

Organizing: 2

Participating: 2

### DESCRIPTION:

I. General Description: Held a social event as an opportunity for members and faculty to meet the initiates for the fall semester, and as an opportunity to help initiates get signatures from faculty, members, and officers for their boards, part of their initiation requirements.

II. Purpose & Relationship to Objectives of TBP: This board signing party allows for networking among members, faculty, and initiates, and thus increases relationships between each. It also helps to ensure that all initiates are up to Tau Beta Pi standard.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
The main organization required was to book the room and communicate the date to faculty, advisors, members, and initiates.

IV. Cost & Personnel Requirements: The room was free to book. At least one officer was present at all times. We purchased pizza as an incentive for members to attend, and budgeted accordingly to allow for the pizza.

V. Special Problems: There was a very good turnout of members and fairly good one of faculty, but as always initiates needed more faculty signatures than member signatures. In the future, we will make efforts to better communicate with faculty and give incentives for coming.

VI. Overall Evaluation/Results (Be Specific): Overall, the event went very well, and we had a strong member turnout. The pizza always helps and keeps a good atmosphere going, and fortunately we ordered as much as we needed. Initiates benefitted from an opportunity to get their boards signed, and members were able to bond with each other as well. In the future, we hope to procure a space for the evening again to do a similar board signing party set-up.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 25

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Spring Board Signing Party 2

Date(s) of Project: 4/8/19

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 57

Electees: 22

Hours spent on this project.

Organizing: 2

Participating: 1

### DESCRIPTION:

I. General Description: Held a social event as an opportunity for members and faculty to meet the initiates for the fall semester, and as an opportunity to help initiates get signatures from faculty, members, and officers for their boards, part of their initiation requirements.

II. Purpose & Relationship to Objectives of TBP: This board signing party allows for networking among members, faculty, and initiates, and thus increases relationships between each. It also helps to ensure that all initiates are up to Tau Beta Pi standard.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
The main organization required was to book the room and communicate the date to faculty, advisors, members, and initiates.

IV. Cost & Personnel Requirements: The room was free to book. At least one officer was present at all times.

V. Special Problems: There was a very good turnout of members and fairly good one of faculty, but as always initiates needed more faculty signatures than member signatures. In the future, we will make efforts to better communicate with faculty and give incentives for coming.

VI. Overall Evaluation/Results (Be Specific): Overall, the event went very well, and we had a strong member turnout particularly during the passing periods. Initiates benefitted from an opportunity to get their boards signed, and members were able to bond with each other as well. In the future, we hope to procure a space like the CHEG lounge again for the afternoon Board Signing Party.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 26

**INSTRUCTIONS:** Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Initiate Test

Date(s) of Project: April 8<sup>th</sup> & 9<sup>th</sup>, 2019

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 1

Electees: 28

Hours spent on this project.

Organizing: 1

Participating: 1

### DESCRIPTION:

I. General Description: Initiates that had completed their social and service hours came and took the initiate test. The test was administered by the Initiate Trainer on two different nights. The test is fill in the blank and has questions about TBP history and Arkansas Alpha Chapter. Initiates have to get all the questions correct to be initiated.

II. Purpose & Relationship to Objectives of TBP: The purpose of the test is to ensure that initiates know the basic information about TBP before they are initiated.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: There were no cost involved with this event. The tests were printed off for free at the University library.

V. Special Problems: No problems occurred.

VI. Overall Evaluation/Results (Be Specific): All 28 potential initiates took the test and passed. This was the final step for all 28 initiates to get initiated the following week.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 27

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Engineering Futures Date(s) of Project: Spring 2019

Project area:  Community/  University/  Profession/  Chapter/  Education/  
Liberal Culture College Engineering Social Prof. Dev.

Number of persons who participated in this project Members: 22 Electees: 10  
(Please attach a list of names.)

Hours spent on this project. Organizing: 6 Participating: 3

### DESCRIPTION:

I. General Description: We hosted the Engineering Futures session of Team Chartering with J.P. Blackford

II. Purpose & Relationship to Objectives of TBP: The purpose of this event was to provide professional development in a specific area to our TBP members through a TBP-facilitated event.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

Once we had confirmed the session with TBP HQ, our Program Chair coordinated all logistics for reservations and overseeing publicity with our Publicity Chair and funding with our Treasurer.

IV. Cost & Personnel Requirements: TBP Headquarters waived the \$50 fee because we had sufficient attendance. Our student government funded meal costs, and TBP HQ sent personnel to facilitate the event.

V. Special Problems: There were no problems.

VI. Overall Evaluation/Results (Be Specific): We experienced a high turnout for an EF session since we began hosting. We will be having J.P. back for this semester. The event was a success.

VII. Index of Exhibits: We hosted the session in a classroom and publicized to all University students.

## Chapter Project Report

Chapter: AR-A

Project number: 28

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Spring Initiation

Date(s) of Project: 4-18-19

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 70

Electees: 28

Hours spent on this project.

Organizing: 2

Participating: 1

### DESCRIPTION:

I. General Description: *Spring 2019 electees to the Arkansas Alpha chapter were initiated according to the regulations laid out by headquarters.*

II. Purpose & Relationship to Objectives of TBP: *This ceremony was held to bring new members into TBP and confer upon them full understanding of the objectives of TBP that they are now a part of upholding.*

III. Organization & Administration: (in conjunction with another group?)  Yes  No

*This event was organized by the Arkansas Alpha executive team, the Arkansas Alpha program committee, and the chapter's chief advisor following the guidelines established at the national level.*

IV. Cost & Personnel Requirements: *There were no associated costs. Personnel included 5 speakers, 2 guides for electees, 1 light operator, and 2 door keepers, for a total of 10.*

V. Special Problems: *No special problems were encountered.*

VI. Overall Evaluation/Results (Be Specific): *The initiation process went very smoothly, with all expected attendees arriving in a timely manner. Member turnout was significant and the initiation process went without incident. Newly elected members were happy with the process.*

## Chapter Project Report

Chapter: Arkansas Alpha  
Project number: 29

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Initiation Banquet

Date(s) of Project: April 18, 2019

Project area:  Community/  University/  Profession/  Chapter/  Education/  
Liberal Culture College Engineering Social Prof. Dev.

Number of persons who participated in this project Members: 72 Electees: 0  
(Please attach a list of names.)

Hours spent on this project. Organizing: 15 Participating: 2

#### DESCRIPTION:

I. General Description: Following the spring initiation ceremony, our chapter hosts an end-of-year banquet celebrating the new initiates and graduating seniors. Dr. Paul Millett, a TBP faculty member, gave a presentation on his research during the dinner.

II. Purpose & Relationship to Objectives of TBP: Members were able to network with each other and learn about the research of one of our TBP faculty members.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: \$1322.25 (all paid for by our student government) and 3 members to help set up the venue.

V. Special Problems: To receive funding from our student government for this event, we had to have everything planned well in advance and had consultation meetings with them to discuss our budget.

VI. Overall Evaluation/Results (Be Specific): We were able to host our annual end of year banquet without any cost to the chapter. Attendance exceeded predictions and our chapter had a great time eating together and learning from Dr. Paul Millett.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 30

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Game Night

Date(s) of Project: Feb. 25, 2019

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 26/120    Electees: 0/32

Hours spent on this project.    Organizing: 1    Participating: 2

### DESCRIPTION:

I. General Description: We held a social event as a part of Engine Week at the University of Arkansas. We supplied snacks, board games, card games, and Mario Kart.

II. Purpose & Relationship to Objectives of TBP: This event increases bonding between the members of Tau Beta Pi and allows students to have a relaxing evening.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: A room was booked within Bell Engineering Center free of charge. A member brought candy that was a surplus from their internship at Hershey.

V. Special Problems: The event was during a test-heavy week, and many people only stayed for one round of games and left.

VI. Overall Evaluation/Results (Be Specific): This event could have had better attendance, but overall it was fun. We supplied all of the games, which was something we learned after last semester's game night. A room with moveable tables and chairs would have created easier access to the games.

(Please attach a list of names.)

Members: 49

Electees: 0

Hours spent on this project.

Organizing: 1

Participating: 1

### DESCRIPTION:

I. General Description: *Current members of the Arkansas Alpha chapter were presented with the list of students eligible for election during the Spring 2019 semester. Members were given the chance to speak on the merits of each potential candidate. Those deemed to hold to the standards of TBP were then elected, and members were given election information to pass out to the candidates.*

II. Purpose & Relationship to Objectives of TBP: *The purpose of this meeting was to ensure that those candidates elected to join the Arkansas Alpha chapter would well represent the values and objectives of the organization.*

III. Organization & Administration: (in conjunction with another group?)  Yes  No

*This event was organized by the Arkansas Alpha executive team*

IV. Cost & Personnel Requirements: *There were no associated costs. Personnel included 6 officers of the Arkansas Alpha chapter, who led the discussions and organized the preparation/distribution of election materials.*

V. Special Problems: *No special problems were encountered.*

VI. Overall Evaluation/Results (Be Specific): *5 candidates were rejected on the basis of character. The remaining candidates were elected. Election materials were passed out to be personally delivered to approximately 60% of these candidates that were personally known by current members. The remaining candidates were then informed of their election and where they could pick up their materials via email.*

## Chapter Project Report

Project number: 32

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Spring STEM Career Fair Date(s) of Project: 3/6/2019

Project area:  Community/  University/  Profession/  Chapter/  Education/  
Liberal Culture College Engineering Social Prof. Dev.

Number of persons who participated in this project Members: 38 Electees: 26  
(Please attach a list of names.)

Hours spent on this project. Organizing: 6 Participating: 2

### DESCRIPTION:

I. General Description: The Arkansas Alpha chapter coordinates with our career services to provide career fair benefits to our members. These benefits include early admission to the career fair, unique TBP member nametags, and a resume book for employers.

---

II. Purpose & Relationship to Objectives of TBP: These benefits help our members stand out in front of employers. Having the best and brightest engineering students stand out at the career fair benefits our members, our university, our organization, and even the employers.

---

III. Organization & Administration: (in conjunction with another group?)  Yes  No

This project was coordinated with the career services staff of the College of Engineering. We send them a list of our members so they know who they can expect to let in early to the fair. We also compile a resume book of our members that career services sends to the employers on behalf of our chapter.

---

IV. Cost & Personnel Requirements: Nametag holders were purchased in bulk in Spring 2019 and provided enough for this semester. The nametags were created and the resumes were compiled by our Vice President who is in charge of these benefits.

---

V. Special Problems: With this being our fourth semester providing these benefits, the process is well documented, and no problems occurred.

---

VI. Overall Evaluation/Results (Be Specific): These benefits continue to pay dividends for our members and are great advertising for our chapter. These benefits receive great feedback from our members and will continue to be provided.

---

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 33

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Canned Food Drive

Date(s) of Project: 2/11/19-2/22/19

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 18    Electees: 0

Hours spent on this project.    Organizing: 8    Participating: 3

### DESCRIPTION:

I. General Description: Collect canned food items as a competition between the engineering departments. Awards are given out to most cans and most generous departments. All canned food was donated to Full Circle Food Pantry on campus.

II. Purpose & Relationship to Objectives of TBP: Serve the community that Arkansas Alpha calls home in a way to give back to those in need.

III. Organization & Administration: (in conjunction with another group?)  Yes     No  
This year, we worked with the College of Engineering itself as a direct partner for the drive, as well as Dr. Ajay Malshe and his wife, a sponsor who agreed to match all monetary donations.

IV. Cost & Personnel Requirements: Buy cardboard boxes for all of the cans to be transported in.

V. Special Problems: The College of Engineering tried to put on their own drive despite us doing a drive at this time every year, so our Chief Advisor and some officers communicated and we were able to partner together instead, which worked fabulously.

VI. Overall Evaluation/Results (Be Specific): This event is a big hit across the engineering college because of the competition, and this year, was even more of a hit due to a matching and the involvement of the family who our local food pantry is named after. Overall, we were able to obtain 1,985 cans/items, totaling to a monetary amount of \$3,253.79, which was then matched by Dr. Malshe and his wife.

### DESCRIPTION:

I. General Description: Moved the collected canned food items from the food drive from our storage to the food pantry on campus.

II. Purpose & Relationship to Objectives of TBP: Serve the community that Arkansas Alpha calls home in a way to give back to those in need.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
This year, we worked with the College of Engineering itself as a direct partner for the drive, as well as Dr. Ajay Malshe and his wife, a sponsor who agreed to match all monetary donations for the drive itself.

IV. Cost & Personnel Requirements: Make sure that there are enough bags/boxes to transport all of the materials.

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): Successfully transported all cans to the pantry.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 35

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Canned Food Drive

Date(s) of Project: 3/26/19

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 4

Electees: 6

Hours spent on this project.

Organizing: 1

Participating: 1

### DESCRIPTION:

I. General Description: Clean the 3 bents on campus that are brass by polishing with rags and brasso.

II. Purpose & Relationship to Objectives of TBP: Helping the chapter succeed by keeping up our image on campus and in the college of engineering.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: Need to bring gloves, rags, and brasso to clean with.

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): This event is a tradition on the AR-A campus each semester and it's a great way to tell initiates about all of the bents on campus. We had multiple initiates helping and it went fairly quickly.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 36

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Lake Fayetteville Cleanup

Date(s) of Project: 04/13/2019

Project area:  Community/  University/  Profession/  Chapter/  Education/  
Liberal Culture College Engineering Social Prof. Dev.

Number of persons who participated in this project Members: 3 Electees: 17  
(Please attach a list of names.)

Hours spent on this project. Organizing: 1 Participating: 2.5

### DESCRIPTION:

I. General Description: Work to clean up areas surrounding Lake Fayetteville before trash could collect in the lake.

II. Purpose & Relationship to Objectives of TBP: Helping the community and environment that the Arkansas Alpha chapter lives in daily.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
This event was alongside the Beaver Watershed Committee as well as other groups that they recruited to help with the cleanup around the lake.

IV. Cost & Personnel Requirements: N/A

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): This event was well attended, despite the rain and cooler weather!

## Chapter Project Report

Project number: 38

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Program Committee Spring 2019 Meeting

Date(s) of Project: Spring 2019

Project area:  Community/  University/  Profession/  Chapter/  Education/  
Liberal Culture College Engineering Social Prof. Dev.

Number of persons who participated in this project Members: 4 Electees: 0  
(Please attach a list of names.)

Hours spent on this project. Organizing: 3 Participating: 1

### DESCRIPTION:

I. General Description: We had a meeting with our inaugural Program Committee to decorate bents for Valentine's Day and discuss future opportunities.

II. Purpose & Relationship to Objectives of TBP: The purpose of this event was to increase campus presence of TBP and discuss future opportunities.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

The Program Chair organized and administered the event.

IV. Cost & Personnel Requirements: Program Chair spent ~\$10 on decorative supplies to increase chapter presence.

V. Special Problems: There were no problems.

VI. Overall Evaluation/Results (Be Specific): The spring meeting of our first Program Committee was successful and progressive for the future of TBP AR A.

VII. Index of Exhibits: We invited only Program Committee members to participate.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 39

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Park Social

Date(s) of Project: April 12, 2019

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 7    Electees: 3

Hours spent on this project.    Organizing: 2    Participating: 2

### DESCRIPTION:

I. General Description: The park social was a picnic type event at Veteran's Memorial Park that included a plethora of games and food. We encouraged members to come out and have some fun away from class and relax with fellow members and initiates.

II. Purpose & Relationship to Objectives of TBP: The social event was put on to bring together members and initiates from all the various different majors and allow them to interact with each other outside of the classroom and even campus.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: We purchased chips, cookies, and a fruit/cheese tray and used leftover soda from previous events. We borrowed games and equipment from the Engineering Welcome Center and the event was held at a public pavilion that was reserved free of cost.

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): This was the second time we held this event. I think attendance was lower due to the weather being abnormally cold for that time of year. It was also held during times when students had a higher number of tests. While attendance was low, everyone stayed for the entire time the event was held and it included members and initiates, undergraduate and graduate students. Next semester, we will host it sooner in the semester so it is warm and increase the advertisement of it so more of the members are aware of the event.

Chapter: Arkansas Alpha

Project number: 40

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Officer Social

Date(s) of Project: 4/3/19

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 10

Electees: 0

Hours spent on this project.

Organizing: 1

Participating: 1

### DESCRIPTION:

I. General Description: The Tau Beta Pi officers of Arkansas Alpha went to dinner together at a local restaurant.

II. Purpose & Relationship to Objectives of TBP: We had our regular officer meeting while getting food, and were able to bond as officers.

III. Organization & Administration: (in conjunction with another group?)  Yes  No  
Several of the officers went ahead and made sure to get a table for 10 early.

IV. Cost & Personnel Requirements: The officers paid for any food with our own personal money.

V. Special Problems: There were not any issues with this event.

VI. Overall Evaluation/Results (Be Specific): This event went well! The officers enjoyed having a meeting in a different location close to campus.

## Chapter Project Report

Chapter: Arkansas Alpha

Project number: 41

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: Chapter T-shirts

Date(s) of Project: Spring 2019

Project area:  Community/  
Liberal Culture     University/  
College     Profession/  
Engineering     Chapter/  
Social     Education/  
Prof. Dev.

Number of persons who participated in this project  
(Please attach a list of names.)

Members: 1/120    Electees: 0/32

Hours spent on this project.    Organizing: 6    Participating: 0

### DESCRIPTION:

I. General Description: The publicity chair worked to create a t-shirt for our chapter. She generated an initial design and worked with a local t-shirt company to create the shirt. The design featured Whitacre point, a popular hiking spot in Northwest Arkansas, with a bent on the point.

II. Purpose & Relationship to Objectives of TBP: The t-shirts help to promote our organization on campus and beyond.

III. Organization & Administration: (in conjunction with another group?)  Yes  No

IV. Cost & Personnel Requirements: The chapter purchased shirts to resell to members. We purchased 7S, 12M, 25L, 3XL, and 1 XXL. Shirts were \$16.50/each. The total price was \$870.33. We resell the shirts to members for \$20.

V. Special Problems: B-Unlimited misprint a few shirts, and it was slightly difficult to work to get the last few delivered.

VI. Overall Evaluation/Results (Be Specific): Overall, the t-shirt ordering process went smoothly. It would be better if the national t-shirt requirements were better laid out. When I sent the final design to headquarters to be approved, there were multiple changes that needed to be made. It wasn't a problem, but the process could have been smoother had those requirements been better laid out.
