

Tau Beta Pi Arizona Alpha

Annual Chapter Report
University of Arizona, Tucson
Fall 2017 - Spring 2018

Table of Contents

Membership information.....3-5
 Membership Timeline Summary
 Summary of member involvement

Speakers.....6-34
 Preparing for a Rewarding Career by Exxon Mobil
 Presentation by Graham Place
 Presentation by Dr. Justine Schluntz
 Presentation by Emily Kotay from the Office of Nationally Competitive Scholarships
 Your Seat in the C-Suite
 S.Y.STEM Coalition Speaker
 Lecture by Dr. Kim Ogden
 Talk by Jake Rockland
 Talk on personal finance, investing, and saving

Community Service Events.....35-46
 Space Day at Children’s Museum of Tucson
 Solar Scope at Desert Food Fiesta
 Bent Monument Polishing
 Relay for Life
 Pumpkin Harvest with Iskashitaa Refugee Network
 Painting Cat Hide Boxes
 Bent Polishing

Social Events.....47-67
 Member Mixer
 Board Game Social
 Laufer Middle School Makerspace/Future Cities
 Engineering Student Council Movie Night
 Engineering Student Council Salsa Night
 U of A Engineers Week 2018
 Coffee Social
 Game Night
 Pi Day Celebration
 Bowling Night

I. Membership Information

Membership Timeline Summary:

Members at start of fall term: 42

Electees at start of fall term: 26

Number of initiates: 20

Date of initiation: 12/01/17

Members at start of spring term: 62

Electees at start of spring term: 19

Number of initiates: 19

Date of initiation: 04/27/18

The Tau Beta Pi Association

 Chapter: AZ-A

Chapter Project Report

Project number: 1

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **Preparing for a Rewarding Career by Exxon Mobil**

Date(s) of Project: 9/25/2017

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project Members: 23/42 Electees: 26/26
(Please attach a list of names.)

Hours spent on this project. Organizing: 1 Participating: 1

DESCRIPTION:

I. General Description:

Representatives from Exxon Mobil presented on preparing for a rewarding career, tips for successful resumes, and strategies for interviewing. After the presentation, the representatives answered any additional questions that members had about applying for industry jobs.

II. Purpose & Relationship to Objectives of TBP:

One of the goals of Tau Beta Pi is to help its collegiate members prepare for rewarding careers in engineering. This presentation helped the members of Tau Beta Pi understand strategies for evaluating what they value in a company and how to be successful at career fairs.

III. Organization & Administration: (in conjunction with another group?) Yes No

The chapter president coordinated with the on-campus recruiters for Exxon Mobil to coordinate the event.

IV. Cost & Personnel Requirements:

Exxon Mobil provided pizza and soda for club members.

V. Special Problems:

N/A

VI. Overall Evaluation/Results (Be Specific):

Club members were engaged throughout the presentation and asked many follow-up questions. Following the presentation, Exxon Mobil also offered to sponsor the Arizona Alpha chapter.

VII. Index of Exhibits: Attendees list (below)

Chapter Project Report

Project number: 2

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **Presentation by Graham Place**

Date(s) of Project: 10/09/17

Project area: Community/ Liberal Culture University/ College Profession/ Engineering Chapter/ Social Education/ Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 20/42 Electees: 21/24

Hours spent on this project.

Organizing: 1

Participating: 1

DESCRIPTION:

I. General Description:

Graham Place spoke about his experiences with the successful startup Open Door. He offered advice for students interested in getting involved in startups and the benefits and drawbacks of working in the startup industry.

II. Purpose & Relationship to Objectives of TBP:

This presentation promoted the professional development goals of Tau Beta Pi by helping members learn about future career opportunities in startups.

III. Organization & Administration: (in conjunction with another group?) Yes No

The chapter's president organized this event. Graham Place is a current chapter member and was the presenter.

IV. Cost & Personnel Requirements: Pizza was provided at the meeting.

V. Special Problems: None.

VI. Overall Evaluation/Results (Be Specific):

Graham was a really engaging presenter. Attendees enjoyed hearing about his experiences with startups and asked many questions. In his presentation, Graham also included a list of resources for learning various programming languages. His presentation was made available on the chapter's Google drive after the presentation.

Chapter Project Report

Project number: 3

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **Presentation by Dr. Justine Schluntz**

Date(s) of Project: 10/23/17

Project area: Community/ Liberal Culture University/ College Profession/ Engineering Chapter/ Social Education/ Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 18/42 Electees: 14/24

Hours spent on this project.

Organizing: 1

Participating: 1

DESCRIPTION:

I. General Description:

Dr. Justine Schluntz is an engineering professor at the University of Arizona. She presented on personal challenges she faced during her undergraduate and graduate educations.

II. Purpose & Relationship to Objectives of TBP:

Tau Beta Pi is focused on the promoting the strong character of its members and integrity in engineering. Part of promoting the character of members is helping them learn how to overcome hardship.

III. Organization & Administration: (in conjunction with another group?) Yes No

The chapter's president organized this event. Dr. Schluntz is a professor at the University of Arizona in the College of Engineering.

IV. Cost & Personnel Requirements: Pizza was provided at the meeting.

V. Special Problems: None.

VI. Overall Evaluation/Results (Be Specific):

Dr. Schluntz is a highly accomplished individual. She was a swimmer at the University of Arizona and won the NCAA Woman Athlete of the Year Award. She was later named a Rhodes Scholar and earned her PhD at Oxford. Dr. Schluntz's presentation about her personal challenges was especially impactful because of how much success she has attained at such a

young age. The members of Tau Beta Pi are high-achieving individuals and our chapter felt it was important to bring in a speaker to talk about dealing with challenges and failures.

The Tau Beta Pi Association Chapter: AZ-A

Chapter Project Report

Project number: 4

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **Presentation by Emily Kotay from the Office of Nationally Competitive Scholarships** Date(s) of Project: 11/06/17

Project area: Community/ Liberal Culture University/ College Profession/ Engineering Chapter/ Social Education/ Prof. Dev.

Number of persons who participated in this project (Please attach a list of names.) Members: 16/42 Electees: 20/24

Hours spent on this project. Organizing: 2 Participating: 1

DESCRIPTION:

I. General Description:

Emily Kotay, the head of the Office of Nationally Competitive Scholarships at the University of Arizona, presented on various nationally competitive scholarships and fellowships to which chapter members can apply.

II. Purpose & Relationship to Objectives of TBP:

Many members of Tau Beta Pi go on to pursue graduate studies. Since members of Tau Beta Pi are high achieving individuals, they are also competitive for scholarships and fellowships that could help fund their future studies. Furthermore, individuals who earn these competitive scholarships confer honor upon their alma mater, which is a key tenant of Tau Beta Pi.

III. Organization & Administration: (in conjunction with another group?) Yes No
This event was performed in conjunction with the University of Arizona's Office of Nationally Competitive Scholarships. Other chapters should try to contact similar organizations or representatives at their universities.

IV. Cost & Personnel Requirements: Pizza was provided at the meeting.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific):

The presentation was valuable for all members of the chapter. Ms. Kotay explained scholarships that are available for current juniors or other students who still have a year remaining in their undergraduate education. She also shared about scholarships that are available for alumni, which made the presentation relevant for the graduating seniors in the chapter. This presentation would have been more helpful, however, to do earlier in the semester since the deadline for some of the scholarships had passed already.

Chapter Project Report

Project number: 5

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **Your Seat in the C-Suite**

Date(s) of Project: 1/29/18

Project area: Community/ Liberal Culture University/ College Profession/ Engineering Chapter/ Social Education/ Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 3/64

Electees: 2/19

Hours spent on this project.

Organizing: 0

Participating: 2

DESCRIPTION:

I. General Description:

Tau Beta Pi members attended a lecture that was part of a speaker series on leadership in engineering, hosted by the University of Arizona's College of Engineering. The lecture was given by Kurt DelBene, a UA alum who worked as Microsoft's Chief Technology Strategist. DelBene also took a temporary retirement from Microsoft and led a team to triage and repair the healthcare.gov website for former President Barack Obama.

II. Purpose & Relationship to Objectives of TBP:

Tau Beta Pi members often pursue leadership positions as they work to become well-rounded engineers. This lecture provided an opportunity for members to learn about how to reach positions of leadership, coming from a technical background.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements:

No funding provided by the chapter.

V. Special Problems:

The event required an rsvp and had a limited number of spots available.

VI. Overall Evaluation/Results (Be Specific):

The members who attended the talk provided positive feedback about the event and the speaker. Unfortunately, some members who wanted to attend were not able to since they did not rsvp for the event in time for the deadline.

Project number: 6

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **S.Y.STEM Coalition Speaker**

Date(s) of Project: 2/5/18

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 29/64 Electees: 18/19

Hours spent on this project.

Organizing: 1

Participating: 1

DESCRIPTION:

I. General Description:

Sam McLaren spoke to the chapter about opportunities to work for a local nonprofit, S.Y.STEM coalition as a counselor for their flagship robotics camp.

II. Purpose & Relationship to Objectives of TBP:

An objective of Tau Beta Pi is to give back to the community. This event helped members learn about an opportunity for them to engage in educating young children about science and engineering.

III. Organization & Administration: (in conjunction with another group?) Yes No
S.Y.STEM Coalition, a local nonprofit

IV. Cost & Personnel Requirements:

\$70 for pizza that was provided at the meeting

V. Special Problems:

None

VI. Overall Evaluation/Results (Be Specific):

Students were interested in the opportunity to work with the nonprofit, but many already had jobs and internships lined up for the summer.

Chapter Project Report

Project number: 7

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **Lecture by Dr. Kim Ogden**

Date(s) of Project: 3/26/18

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 24/64 Electees: 18/19

Hours spent on this project.

Organizing: 1

Participating: 1

DESCRIPTION:

I. General Description:

Dr. Kim Ogden, president elect for the American Institute of Chemical Engineers, presented about leveraging involvement in professional organizations to support your career as an engineer.

II. Purpose & Relationship to Objectives of TBP:

Tau Beta Pi encourages members to continuously develop as engineers and involvement in other professional engineering societies is a great way to do so.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements:

\$70 for pizza

V. Special Problems:

None

VI. Overall Evaluation/Results (Be Specific):

Dr. Kim Ogden gave a very informal lecture and mostly took questions from the audience. In the future, it may be more beneficial to have a more formal presentation to present the information in a clearer manner.

Participating: 1

DESCRIPTION:

I. General Description:

Jake Rockland, a alumnus of the Arizona Alpha Chapter, co-founded a startup called Somatic Labs. Somatic Labs has met with incredible success, recently placing at a national NASA startup innovation competition. Jake presented on his experiences creating a startup and advice he had for aspiring entrepreneurs.

II. Purpose & Relationship to Objectives of TBP:

Tau Beta Pi encourages professional development. This talk helped members better understand about opportunities working for or creating a startup.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements:

\$70 for pizza

V. Special Problems:

None

VI. Overall Evaluation/Results (Be Specific):

Members voiced that they really enjoyed Jake as a speaker and were also interested in the topic of startups and entrepreneurship.

Chapter Project Report

Project number: 9

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **Talk on personal finance, investing, and saving** Date(s) of Project:
4/23/18

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project Members: 21/64 Electees: 13/19
(Please attach a list of names.)

Hours spent on this project. Organizing: 1 Participating: 1

DESCRIPTION:

I. General Description:

Bridget Moorman, a Tau Beta Pi alumna, spoke to the chapter about personal finance, investing, and saving in order to become fiscally independent and plan for retirement.

II. Purpose & Relationship to Objectives of TBP:

Tau Beta Pi relies heavily on donations by alumni. In her talk, Bridget emphasized that individuals are able to donate to Tau Beta Pi and other important organizations by saving and spending their money wisely so that they have discretionary income to give back to the community.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements:

\$70 for pizza

V. Special Problems:

None

VI. Overall Evaluation/Results (Be Specific):

Students were very engaged in interested in the topic of personal finance. Many students shared that they were grateful to have a speaker discuss this topic, since it's not something they learn about in their regular engineering classes.

III. Community Service Events

The Tau Beta Pi Association Chapter: AZ-A

Chapter Project Report

Project number: 10

Project name: **Space Day at Children's Museum of Tucson** Date(s) of Project: 8/26/17

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project Members: 10/42 Electees: 0/24
(Please attach a list of names.)

Hours spent on this project. Organizing: 1 Participating: 4

DESCRIPTION:

I. General Description:

Tau Beta Pi helped out with Space Day at the Children's Museum of Tucson, a joint effort between the museum and the Planetary Science Institute. During three hours of the event, there were five activities set up throughout the museum that groups of two helped lead. These activities included learning about meteorites, using a solar scope, and creating oobleck. Members were given some direction on their activity, but it was up to them to decide on how to present their activity and interact with the children and parents.

II. Purpose & Relationship to Objectives of TBP:

This volunteer opportunity allowed members to practice adaptability and leadership as groups of two were put in charge in leading two different activities for visitors of the museum. In addition, this opportunity strengthened Tau Beta Pi's image not only in the Tucson community but with the Planetary Science Institute and Children's Museum.

III. Organization & Administration: (in conjunction with another group?) Yes No

The chapter's Project Chair organized this event.

IV. Cost & Personnel Requirements: No costs (all materials were provided by museum)

V. Special Problems: None.

VI. Overall Evaluation/Results (Be Specific): During the three hours that the activities were being lead, Tau Beta Pi was able to engage with more than 30 children at each booth, teaching them topics ranging from meteorites to Newtonian Physics. The staff was very impressed and thankful for Tau Beta Pi's contribution and enthusiasm.

Hours spent on this project. Organizing: .5 Participating: 4.5

DESCRIPTION:

I. General Description: Tau Beta Pi helped out with the Solar Scope exhibition at the Desert Food Fiesta at the Cooper Environmental Center.

II. Purpose & Relationship to Objectives of TBP:

This volunteer opportunity allowed members to practice leadership as members were put in charge of showing participants how to use the Solar Scope. Members had to quickly learn how to use the Solar Scope as well as how to answer participants questions.

III. Organization & Administration: (in conjunction with another group?) Yes No

The chapter's Project Chair organized this event.

IV. Cost & Personnel Requirements: No costs

V. Special Problems: None.

VI. Overall Evaluation/Results (Be Specific): During the event, volunteers showed more than 100 children and adults how to use the Solar Scope, increasing participants knowledge of the solar system.

VII. Index of Exhibits: Attendees list (below)

Chapter Project Report

Project number: 12

Project name: **Bent Monument Polishing** Date(s) of Project: 10/21/17

Project area: Community/ Liberal Culture University/ College Profession/ Engineering Chapter/ Social Education/ Prof. Dev.

Number of persons who participated in this project (Please attach a list of names.) Members: 6/42 Electees: 7/24

Hours spent on this project. Organizing: 1 Participating: 3

DESCRIPTION:

I. General Description: Tau Beta Pi members and initiates polished the Chapter's Bent Monument outside of Old Engineering building on campus.

II. Purpose & Relationship to Objectives of TBP:
 This volunteer opportunity allowed members to research, plan, and execute a project, as well as how to participate in a team. It also allowed new initiates to take pride in the symbols of Tau Beta P and to learn more about the organization's history.

III. Organization & Administration: (in conjunction with another group?) Yes No

The chapter's Project Chair organized this event.

IV. Cost & Personnel Requirements: \$20 for polishing supplies including Brasso and sandpaper

V. Special Problems: None.

VI. Overall Evaluation/Results (Be Specific): Members and initiates successfully polished the bent, which had significant wear. In addition, certain initiates took it upon themselves to research and provide suggestions for supplies and methods to polish the bent, demonstrating leadership and initiative.

Project number: 13

INSTRUCTIONS: Please complete each of the seven sections below. Any additional information which may be helpful to another chapter would also be appreciated; however, do not send extraneous material that is not beneficial.

Project name: **Relay For Life**

Date(s) of Project: 11/03/17

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 4/42

Electees: 4/24

Hours spent on this project.

Organizing: 2

Participating: 6

DESCRIPTION:

I. General Description: Tau Beta Pi members and initiates participated in the University of Arizona Relay For Life event, walking the track and raising money for the American Cancer Society.

II. Purpose & Relationship to Objectives of TBP: This event combined a community service with a social event; the club was always represented on the track and members on break socialized with pizza and lawn games.

III. Organization & Administration: (in conjunction with another group?) Yes No
American Cancer Society

IV. Cost & Personnel Requirements: Pizza \$

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): This event is great for getting members to socialize, both on and off the track. The event is also very inspiring and we raised over \$300 as a club for the American Cancer Society.

Project name: **Member Mixer**

Date(s) of Project: 9/11/17

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 18/42 Electees: 24/24

Hours spent on this project.

Organizing: 1

Participating: 1

DESCRIPTION:

I. General Description:

During the first general body meeting of the semester, officers reviewed upcoming community service and social events. Following the announcements, the social chair lead a mixer activity so that the initiates could meet the current club members.

The mixer activity involved separating the members and initiates into groups of 7-8, each with a common household object. The goal was to come up with a 2 minute elevator pitch for this new product (some purpose that the object didn't initially have) while promoting cooperation between initiates and members and introducing themselves to the club.

II. Purpose & Relationship to Objectives of TBP:

This meeting was important to the objectives of Tau Beta Pi as it promoted fellowship amongst the club members. One of the key objectives of Tau Beta Pi is to help connect members across engineering disciplines. At our first meeting of the semester, we sought to help connect new and existing members to promote positive interactions throughout the semester.

III. Organization & Administration: (in conjunction with another group?) Yes No

The chapter's president organized this event and the mixer activity was lead by the chapter's social chair.

IV. Cost & Personnel Requirements: No costs.

V. Special Problems: None.

VI. Overall Evaluation/Results (Be Specific):

The members really enjoyed the mixer activity. The officers noticed that individuals who did not know each other before were far more comfortable interacting with one another after the activity. This new level of familiarity also extended into the social event that we hosted the following week.

Hours spent on this project. Organizing: .5 Participating: 2

DESCRIPTION:

I. General Description: Tau Beta Pi helped out a Lauffer Middle School class with designing their new Makerspace as well as providing mentorship for middle schoolers participating in Future Cities, a project based competition centered around designing a city.

II. Purpose & Relationship to Objectives of TBP:

This volunteer opportunity allowed members to practice leadership as members were put in charge of aiding groups of 2-3 middle schoolers. This opportunity also allowed members to practice their systems engineering skills by designing a space that would allow students to effectively work.

III. Organization & Administration: (in conjunction with another group?) Yes No

The chapter's Project Chair organized this event.

IV. Cost & Personnel Requirements: No costs

V. Special Problems: None.

VI. Overall Evaluation/Results (Be Specific): During the two hours, volunteers mentored 15 middle schoolers completing their project. Volunteers also helped form a plan for the new Makerspace by creating a sketch of the new layout as well as going through catalogs for potential storage solutions.

Project name: **U of A Engineers Week 2018**

Date(s) of Project: 2/6/18 - 2/17/18

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 36 /64 Electees: 19/19

Hours spent on this project.

Organizing: 1

Participating: 23

DESCRIPTION:

I. General Description:

Engineers week is a celebration of the engineering community that is hosted every year by the Engineering Student Council at the U of A. The event consists of a week where each of the engineering clubs hosts a friendly competition that the other clubs can participate in for points. Tau Beta Pi hosted a scavenger hunt competition and participated in most of the other events.

II. Purpose & Relationship to Objectives of TBP:

Participating in this event was not only a fun bonding experience for the Tau Beta Pi members and electees involved but was also a chance for the members to interact with some of the other engineering clubs on camps.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements:

None, all funds supplied by the U of A Engineering Student Council

V. Special Problems:

There were some issues with other clubs complaining about the score they received in the scavenger hunt that Tau Beta Pi hosted.

VI. Overall Evaluation/Results (Be Specific):

Members who attended events said that they had a good time and enjoyed spending time with the other engineering clubs. Overall Tau Beta Pi placed fourth in the entire competition.

Project area: Community/
Liberal Culture University/
College Profession/
Engineering Chapter/
Social Education/
Prof. Dev.

Number of persons who participated in this project
(Please attach a list of names.)

Members: 6/64

Electees: 0/19

Hours spent on this project.

Organizing: 1

Participating: 3

DESCRIPTION:

I. General Description:

TBP members met at a bowling alley to enjoy some pizza and two hours of bowling.

II. Purpose & Relationship to Objectives of TBP:

Provide another opportunity to socialize with peers in the club. This event actually promoted some active members to think about becoming officers for the following school year.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements:

None

V. Special Problems:

None

VI. Overall Evaluation/Results (Be Specific):

The event was a success; keeping active members involved in social events is a struggle, so it was pretty fortunate that a few decided to participate. It would have been nice to see a couple of initiates go as well.
