The Tau Beta Pi Association

Chapter Project Report

Chapter: NY K

Project number: 1

Project name: Mt. Hope Cleanup (Recurring)

Date(s) of Project: October 28, 2017

Project area: Community/Liberal Culture

Number of persons who participated in this project

Members: 2/22

Electees: 8/36

Hours spent on this project.

Organizing: 1

Participating: 4

DESCRIPTION:

I. General Description: With the City of Rochester, our TBP chapter raked leaves and performed other landscape maintenance tasks at the Mt. Hope Cemetery for a half day through their monthly Mt. Hope Cleanup program.

II. Purpose & Relationship to Objectives of TBP: The purpose of this activity was to engage in community outreach and service with our neighborhood in the City of Rochester.

III. Organization & Administration: (in conjunction with another group?) Yes

Our TBP chapter worked with the chapter from the Rochester Institute of Technology, NY P, to organize our involvement in the event.

IV. Cost & Personnel Requirements: There was no cost. Members and other City of Rochester volunteers needed to attend. Supplies were provided by the City of Rochester.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The event was successful. A sufficient number of members from both chapters showed up to volunteer, and the leaves were successfully raked from a significant section of the cemetery.

VII. Index of Exhibits: None

VIII. Attendees:

Electees:

Chang Gui

Emily Grey

Haley Wohlever

Ivan Suminski

Jeremy Deniega

Muhammad Hadi

Venice Magunga

William Funkenbusch

Members:

Arun Nambiar

Chapter Project Report

Chapter: NY K

Project number: 2

Project name: National Chemistry Week (New)

Date(s) of Project: November 13, 2017 – November 17, 2017

Project area: Community/Liberal Culture

Number of persons who participated in this project

Members: 0/22

Electees: 2/36

Hours spent on this project.

Organizing: 1

Participating: 4

DESCRIPTION:

I. General Description: Electees went to local elementary schools for National Chemistry Week and performed several hands-on activities with the students to help foster an interest in chemistry.

II. Purpose & Relationship to Objectives of TBP: The project helped to establish links between TBP and the Rochester community and inspire students to pursue science.

III. Organization & Administration: (in conjunction with another group?) Yes

Our TBP chapter cosponsored this event in conjunction with the Undergraduate Chemistry Council. Emails were sent out to members of both groups to gather and organize the volunteers.

IV. Cost & Personnel Requirements: None

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The volunteers for this event reported that the students greatly enjoyed the activities and that there was definite interest among them regarding the subject of chemistry.

VII. Index of Exhibits: None

Chapter: NY K

Project number: 3

Project name: Lollypop Farm Volunteering with RIT (Recurring)

Date(s) of Project: April 7, 2018

Project area: Community/Liberal Culture

Number of persons who participated in this project

Members: 3/56

Electees: 3/9

Hours spent on this project.

Organizing: 2

Participating: 4

DESCRIPTION:

I. General Description: Members and electees aided in cleaning cages, sweeping floors, and other tasks at Lollypop Farm, a local animal shelter.

II. Purpose & Relationship to Objectives of TBP: This event allowed members and electees to give back to the community and connect with one another in a capacity outside of engineering. The event also helped foster inter-chapter connections.

III. Organization & Administration: (in conjunction with another group?) Yes

Our TBP chapter volunteered along with the chapter from the Rochester Institute of Technology, NY P.

IV. Cost & Personnel Requirements: None

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): All attendees successfully completed the tasks assigned by the shelter, greatly helping the shelter's efforts in providing a safe and comfortable environment for their animals. Attendees were able to network with members from a different chapter.

VII. Index of Exhibits: None

Chapter Project Report

Chapter: NY K

Project number: 4

Project name: AIChE Conference Volunteering (New)

Date(s) of Project: April 7, 2018 and April 8, 2018

Project area: Community/Liberal Culture

Number of persons who participated in this project

Members: 4/56

Electees: 2/9

Hours spent on this project.

Organizing: 0

Participating: 8

DESCRIPTION:

I. General Description: Members volunteered at the AIChE Northeast Regional Conference, chaperoning students to and from the venue and helping at events.

II. Purpose & Relationship to Objectives of TBP: By assisting with another engineering organization's conference, members were able to promote participation in engineering.

III. Organization & Administration: (in conjunction with another group?) Yes

The University of Rochester Chapter of the American Institute of Chemical Engineers organized the event.

IV. Cost & Personnel Requirements: None

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): Although volunteers from Tau Beta Pi were scattered throughout the various events, they had a great time meeting and working with fellow engineers, and the event was successful overall.

VII. Index of Exhibits: None

Project number: 5

Project name: Family Science Day (Recurring)

Date(s) of Project: April 21, 2018

Project area: Community/Liberal Culture

Number of persons who participated in this project

Members: 5/56

Electees: 3/9

Hours spent on this project.

Organizing: 5

Participating: 4.5

DESCRIPTION:

I. General Description: TBP set up a table with a paper and marker chromatography experiment to demonstrate science principles to families with young children.

II. Purpose & Relationship to Objectives of TBP: The event allowed TBP members and electees to give back to the community and inspire interest in the sciences in young children.

III. Organization & Administration: (in conjunction with another group?) Yes
The University of Rochester's STEM Initiative and many other campus organizations worked together to organize this event and provide family-friendly experiments and demonstrations.

IV. Cost & Personnel Requirements: \$25 for chromatography paper

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): Families enjoyed the experiment and the event overall. The TBP table had plenty of volunteers.

VII. Index of Exhibits: None

Project number: 6

Project name: Tutoring Study Hall (Recurring)

Date(s) of Project: September 24, 2017

Project area: University/College

Number of persons who participated in this project

Members: 4/22

Electees: 3/36

Hours spent on this project.

Organizing: 1

Participating: 1

DESCRIPTION:

I. General Description: The tutoring study hall is offered every Sunday. All engineering students can receive tutoring from TBP members and talk to their peers in engineering.

II. Purpose & Relationship to Objectives of TBP: The study hall gathers members together to offer academic assistance to other members and the entirety of the engineering school to promote excellence in engineering.

III. Organization & Administration: (in conjunction with another group?) No

Every week one executive board member attends and records the members that attend to offer tutoring as well as the students that come to receive help.

IV. Cost & Personnel Requirements: There is no cost, but the room must be reserved.

V. Special Problems: Not many non-TBP members attend and not many attendees need tutoring.

VI. Overall Evaluation/Results (Be Specific): The study hall helped TBP members share their expertise in engineering with others and connect to one another and other engineering students, but more publicity may attract more students and help expand our reach.

Project name: EWB Benefit Concert (New)

Date(s) of Project: October 20, 2017

Project area: University/College

Number of persons who participated in this project

Members: 4/22

Electees: 13/36

Hours spent on this project.

Organizing: 0

Participating: 3

DESCRIPTION:

I. General Description: This event was a benefit concert held by another engineering-related organization on campus and co-sponsored by our Tau Beta Pi chapter.

II. Purpose & Relationship to Objectives of TBP: Through the event, our chapter collaborated with other engineering-related organizations to support engineering initiatives.

III. Organization & Administration: (in conjunction with another group?) Yes

The University of Rochester Chapter of Engineers without Borders organized the event, and Tau Beta Pi members attended to support the cause.

IV. Cost & Personnel Requirements: Attendees paid for their own tickets.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): Members and electees had a great time learning more about what another engineering organization on campus does and were happy to support their upcoming service trip. Many different musical groups on campus were featured.

Project area: University/College

Number of persons who participated in this project

Members: 6/22

Electees: 23/36

Hours spent on this project.

Organizing: 1

Participating: 2

DESCRIPTION:

I. General Description: TBP members and electees volunteered to help with various activities open to the whole campus including a pumpkin launch competition and pumpkin painting.

II. Purpose & Relationship to Objectives of TBP: Through this event, TBP members were able to socialize with one another and other students on campus and give back to the campus as a whole.

III. Organization & Administration: (in conjunction with another group?) Yes
TBP contributed volunteers to this event that is hosted by all the engineering organizations on campus.

IV. Cost & Personnel Requirements: There was no cost for the event, but TBP members had to volunteer to help at various activities for up to two hours.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): Many students from across campus attended the event, and members had a great time participating in and helping with the creative and competitive activities that were available.

Organizing: 1

Participating: 2

DESCRIPTION:

I. General Description: Our TBP chapter hosted a table at the University of Rochester's Spring Engineering Social. The activities TBP provided centered on Pi Day. Prizes were awarded to individuals who could recite the most digits of pi, correctly guess how heavy a specific pie was, or guess how many M&Ms were placed in a pie tin. The winners received free mini pies.

II. Purpose & Relationship to Objectives of TBP: The event increased TBP's visibility on campus and raised awareness of Pi Day.

III. Organization & Administration: (in conjunction with another group?) Yes
The event was organized by all of the engineering organizations on campus.

IV. Cost & Personnel Requirements: The pies and other supplies cost \$60.98.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): Many members and electees volunteered, and many students visited our table to learn about TBP and Pi Day.

Chapter Project Report

Chapter: NY K

Project number: 22

Project name: Yoav Medan Lecture (New)

Date(s) of Project: November 2, 2017

Project area: Profession/Engineering

Number of persons who participated in this project

Members: 2/22

Electees: 8/36

Hours spent on this project.

Organizing: 1

Participating: 1

DESCRIPTION:

I. General Description: This event was a discussion on entrepreneurship by a renowned entrepreneur.

II. Purpose & Relationship to Objectives of TBP: Students had the opportunity to learn about entrepreneurship and how it could factor into their future careers.

III. Organization & Administration: (in conjunction with another group?) Yes
The event was hosted by the Ain Center for Entrepreneurship.

IV. Cost & Personnel Requirements: None

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The lecture was not very interesting or engaging and did not apply to TBP attendees. There was, however, some good discussion between students and the speaker.

VII. Index of Exhibits: None

Project number: 23

Project name: Professor Meet and Greet (New)

Date(s) of Project: December 1, 2017

Project area: Profession/Engineering

Number of persons who participated in this project

Members: 13/22

Electees: 18/36

Hours spent on this project.

Organizing: 4

Participating: 3

DESCRIPTION:

I. General Description: This event was an opportunity for professors and students affiliated with TBP to meet and get to know each other over sandwiches.

II. Purpose & Relationship to Objectives of TBP: The event helped TBP members and electees network with each other and with engineering professors.

III. Organization & Administration: (in conjunction with another group?) No
The event was organized by the executive board.

IV. Cost & Personnel Requirements: \$150 for sandwiches

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The event was successful with a variety of majors and research areas represented by students and professors. The food was adequate. There were great in-depth conversations between students and professors and enough mingling occurred that students got to meet several of the professors and other students in attendance.

VII. Index of Exhibits: None

Chapter Project Report

Chapter: NY K

Project number: 44

Project name: Post-Initiation Food Event (New)

Date(s) of Project: April 26, 2018

Project area: Chapter/Social

Number of persons who participated in this project

Members: 14/56

Electees: 9/9

Hours spent on this project.

Organizing: 1

Participating: 1

DESCRIPTION:

I. General Description: Food was catered from the local restaurant Tandoor of India for a dinner reception after spring initiation.

II. Purpose & Relationship to Objectives of TBP: The event enabled current members, newly initiated members, and professors affiliated with TBP to socialize and get to know each other after initiation.

III. Organization & Administration: (in conjunction with another group?) No
The executive board organized the event.

IV. Cost & Personnel Requirements: \$200 was spent to order the food.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The food arrived on time, but no utensils were provided. Many positive comments were received concerning the quality of the food.

VII. Index of Exhibits: None

VIII. Attendees:

Electees:

Edna Rebecca Toro Garza

Guoxin Li

Ivan Suminski

John Billings

John Uchal

Paul Steve

Chapter Project Report

Chapter: NY K

Project number: 45

Project name: Finals Study Break (New)

Date(s) of Project: May 5, 2018

Project area: Chapter/Social

Number of persons who participated in this project

Members: 13/56

Electees: 0/9

Hours spent on this project.

Organizing: 2

Participating: 2

DESCRIPTION:

I. General Description: Tea, Bagels, and Pastries (TBP) were served at a study break during reading period.

II. Purpose & Relationship to Objectives of TBP: This event allowed members to grab brunch as a study break during reading period before finals. The event was casual and allowed members to relax and socialize.

III. Organization & Administration: (in conjunction with another group?) No
The executive board organized the event.

IV. Cost & Personnel Requirements: \$77 was spent to purchase breakfast food.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The food took a long time to get, but the turnout was great for an event during reading period, so the event was a success.

VII. Index of Exhibits: None

VIII. Attendees:

Electees:

Edna Rebecca Toro Garza

Ivan Suminski

Yuxin Liu

Chapter Project Report

Chapter: NY K

Project number: 46

Project name: SWE Dinner with Professors (New)

Date(s) of Project: December 1, 2017

Project area: Education/Professional Development

Number of persons who participated in this project

Members: 2/22

Electees: 3/36

Hours spent on this project.

Organizing: 0

Participating: 2

DESCRIPTION:

I. General Description: Engineering professors from multiple disciplines shared a dinner with students. From the event, students could learn about the professors' career paths and research as well as seek advice.

II. Purpose & Relationship to Objectives of TBP: The event allowed attendees to network with engineering professors and learn more about engineering career paths.

III. Organization & Administration: (in conjunction with another group?) Yes
The University of Rochester Chapter of the Society of Women Engineers hosted the event.

IV. Cost & Personnel Requirements: Attendees paid for their meals.

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): The event was an excellent networking opportunity. The professors in attendance were very excited to share their life stories and advice with students.

VII. Index of Exhibits: None

VIII. Attendees:

Electees:

Kelly Cheung

Meghan Patrick

Zhongdi Liu

Chapter: NY K

Project number: 47

Project name: SWE Girl Scout Workshop (New)
Date(s) of Project: December 2, 2017
Project area: Education/Professional Development

Number of persons who participated in this project

Members: 1/22

Electees: 4/36

Hours spent on this project.

Organizing: 0

Participating: 2

DESCRIPTION:

I. General Description: A variety of stations were designed to encourage young girls to get excited about and involved in STEM fields.

II. Purpose & Relationship to Objectives of TBP: The event provided a way to engage with the community and promote engineering to young girls.

III. Organization & Administration: (in conjunction with another group?) Yes
The University of Rochester Chapter of the Society of Women Engineers hosted the event.

IV. Cost & Personnel Requirements: None

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): Although not many TBP members volunteered at the event, many from SWE and other engineering groups cosponsoring the event did. The event was executed well and was successful overall. The girls learned a great deal from the event and enjoyed it immensely.

VII. Index of Exhibits: None

VIII. Attendees:

Electees:

Haley Wohlever

Project number: 48

Project name: Adobe Workshop (New)

Date(s) of Project: April 14, 2018

Project area: Education/Professional Development

Number of persons who participated in this project

Members: 1/56

Electees: 2/9

Hours spent on this project.

Organizing: 0

Participating: 3

DESCRIPTION:

I. General Description: Members learned how to use Adobe Creative Cloud products.

II. Purpose & Relationship to Objectives of TBP: The workshop allowed members to develop design skills that are not taught in the classroom.

III. Organization & Administration: (in conjunction with another group?) Yes
A campus organization called Meliora LaunchPad organized the event.

IV. Cost & Personnel Requirements: None

V. Special Problems: None

VI. Overall Evaluation/Results (Be Specific): Members learned a great deal about these software products through attending the workshop.

VII. Index of Exhibits: None

VIII. Attendees:

Electees:

Ivan Suminski

Edna Rebecca Toro Garza
