Project #1:

Project name: Establish a Scholarship Date(s) of Project: 10/2017 - 3/2018

Project area: Community/Liberal Culture University/College
 Profession/Engineering Chapter/Social Education/Prof. Dev.
 K-12/MindSET

Number of persons who participated in this project Members: 3
Electees:

Cassie Bradley, Jared Muench, Advisor Darryl Thelen

Hours spent on this project. Organizing: 20 Participating:

DESCRIPTION:

I. General Description: Tau Beta Pi WI-A was notified that we had a rather large amount of money held for us in the Harry Steenbock Trust Fund, which we could use for a large variety of purposes. Our Chapter struggles with campus awareness, so our Advisor Darryl Thelen suggested we create a recurring \$1,000 annual scholarship that is awarded to five active members who display the three pillars of Tau Beta Pi throughout their undergraduate involvements. The winners will be chosen by the committee of advisors. It is our plan to have the winners be recognized at their respective Awards Ceremony held by their department, at which others students will become familiar with our group and possibly look to join, should they receive an invitation._____

II. Purpose & Relationship to Objectives of TBP: This scholarship rewards those members who exemplify the three pillars of Tau Beta Pi. It is also our goal that through this scholarship, there will be a greater awareness for and interest in joining Tau Beta Pi by other excellent students in Engineering._____

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements: All of the scholarships will be funded by the Harry Steenbock Trust Fund, which will allow for ~5 scholarships each year. So far, this appears to be an excellent opportunity for long-term recognition of excellent Tau Bates in the WI-A chapter._____

V. Special Problems: At times, it was challenging to work with the College of Engineering Administration to put the money into the proper accounts, etc. However, Darryl Thelen was able

to take care of most of these issues because of his relationship with the Dean's Office. Setting up a scholarship was also new to us. This process was made very simple with the help of Heather in the Scholarship Office. The biggest problem we had on this end was determining which questions to ask the candidates in order to get the most out of our application._

VI. Overall Evaluation/Results (Be Specific): _Winners will be chosen over the summer months and will be recognized at their respective Awards Ceremony in the Fall semester. Thus, it is too early to tell how establishing this recurring scholarship will affect overall awareness and membership in Tau Beta Pi. However, it is our goal that this scholarship will be an added draw to join Tau Beta Pi._____

VII. Index of Exhibits: ___N/A_____

Project #2:

Project name: _____SlowFood Volunteering_____ Date(s) of Project:
_several days a week fall and spring semester_____

Project area: Community/Liberal Culture ___ University/College
 ___ Profession/Engineering ___ Chapter/Social ___ Education/Prof. Dev.

Nichole Truby, Sarah Brown, Desiree Flouro, Victoria Trantow, Connor Acker, Jackson Melchert, Claire Chen (might be late), It Fufuengsin, Neehar Namjoshi, Grant Karlsson Ellifson

Hours spent on this project. Organizing: 1 Participating: 4

DESCRIPTION:

I. General Description: __ This event we spent time together mkaing and decorating cookies then we made Holiday cards for the Childrens Hospital after.

II. Purpose & Relationship to Objectives of TBP: ___ Getting to know one another and giving back to the community by making cards for ill children _____

III. Organization & Administration: (in conjunction with another group?) Yes ___ No

Cards for Hospitalized Kids

IV. Cost & Personnel Requirements: Minimal cost. Cost of card making supplies and cookie_decorating_

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): N/A

VII. Index of Exhibits: N/A

Project #7

Project name: Comedy Club Social Date(s) of Project: 12/7/2017

Project area: Community/Liberal Culture University/College
 Profession/Engineering Chapter/Social Education/Prof. Dev.
 K-12/MindSET

Number of persons who participated in this project Members: 4

Electees:

(Please attach a list of names.)

Ethan Wen, Jesse Parritz, Matthew Szymski, Peter Hesse

Hours spent on this project. Organizing: 4 Participating: 1.5

DESCRIPTION:

I. General Description: Chapter social event hosted at the Comedy Club on State St. on a Thursday night

II. Purpose & Relationship to Objectives of TBP: The purpose of the event was to provide a social opportunity for members to de-stress from midterm exams and upcoming final exams. It was also a good opportunity for new members to get to know current members.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements: Tickets to the show were \$10 per person, but University of Wisconsin-Madison students get a discount for \$5 a ticket, provided that they bring their student ID's to the venue.

V. Special Problems: Some of the members who had signed up emailed to notify that they couldn't make it; however, it was on really short notice, leaving only four members that attended the event.

VI. Overall Evaluation/Results (Be Specific): The show was really great, and the members who attended stated that they really enjoyed it. This would be a great social event option in the future. Hopefully we can get more members to attend the next time.

VII. Index of Exhibits: ___N/A_____

Project #8:

Project name: ___Bent Casting (Fall 2)___ Date(s) of Project: ___12/9/18_____

Project area: ___ Community/Liberal Culture ___ University/College
___ Profession/Engineering ___X_ Chapter/Social ___ Education/Prof. Dev.
___ K-12/MindSET

Number of persons who participated in this project Members: _10_
Electees: ___

Jared Muench, Cassie Bradley, Peter Hesse, Raymond McConnell, Kai Pederson, Matthew Budde, Haley Massa, Neehar Namjoshi, Stephen Yuan, Grant Ellifson

Hours spent on this project. Organizing: _1_ Participating: _2_

DESCRIPTION:

I. General Description: ___At this event, WI-A Tau Beta Pi members cast their own bents at the Material Science Foundry. This involves preparing the green-sand mold, melting the bronze, and pouring the bronze out into the mold. Each member who attended is able to take home their own 5-inch Bent.___

II. Purpose & Relationship to Objectives of TBP: ___Not only does this event serve as an opportunity for Tau Beta Pi members to socialize, but it also allows members to cast their own Bent that they can polish/sand and keep with them throughout their college and industry careers to remind them of their honorary status in Tau Beta Pi._____

III. Organization & Administration: (in conjunction with another group?) ___ Yes ___X___ No

IV. Cost & Personnel Requirements: ___This event is at no cost to individual members. However, Tau Beta Pi provides \$100 to the individual (Dan Franke) who runs the sessions and works in the Foundry. When bronze needs to be purchased, it usually runs ~\$3/pound._____

V. Special Problems: ___N/A__

VI. Overall Evaluation/Results (Be Specific): ___This is a favorite event for the members who attend. After each session, members are amazed to hear that WI-A is the only chapter that still makes their own Bents. Additionally, members are able to “get their hands dirty” by doing the

actual work of casting. It allows them to apply their engineering intuition in a typical manufacturing process. _____

VII. Index of Exhibits: N/A

Project #9:

Project name: Sconniebar Fundraiser Date(s) of Project: 12/13/17

Project area: Community/Liberal Culture University/College
 Profession/Engineering Chapter/Social Education/Prof. Dev.
 K-12/MindSET

Number of persons who participated in this project Members: ~10

Electees:

(Please attach a list of names.)

There is not an exact list of participants because the event was run by the restaurant and members would come and go during the restaurant open hours. It is estimated about ten members attended, many also bringing other friends outside of TBP to support the cause as well.

Hours spent on this project. Organizing: 2 Participating: 3

DESCRIPTION:

I. General Description: This was a fundraising event sponsored by Sconniebar. The restaurant donated 15% of sales to our Chapter when someone at the table mentioned they were there supporting Tau Beta Pi.

II. Purpose & Relationship to Objectives of TBP: Fundraising for Tau Beta Pi allows more funding to improve the Tau Beta Pi experience for members by allowing for purchase of food for meetings, t-shirts, etc. Funding can also support our goal of volunteerism by covering transportation costs to/from volunteer sites.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements: None. Once the event was set up, there were no minimum requirements. The club could only benefit from more people showing up to the restaurant.

V. Special Problems: It was difficult to track which members had attended because the event spanned multiple hours during the day, so members came and went when they could to support the fundraiser.

VI. Overall Evaluation/Results (Be Specific): This event ran well; however, the fundraiser did not generate as much money as we had hoped. A similar event in the future will require better advertising and a different restaurant location. However, this type of event is beneficial because people who are not members of Tau Beta Pi can still support the organization.

VII. Index of Exhibits: N/A

Project #10:

Project name: Spring Decorating Cards _____ Date(s) of Project:
 3/3 _____

Project area: Community/Liberal Culture University/College
 Profession/Engineering Chapter/Social Education/Prof. Dev.
 K-12/MindSET

Number of persons who participated in this project Members: 4
Electees:

(Please attach a list of names.)

Nichole Truby, Dhananjay Prahladka, Alex Pletta, Desiree Flouro

Hours spent on this project. Organizing: Participating: 2

DESCRIPTION:

I. General Description: Similar to an event we hosted in the winter, we made Spring cards for Hospitalized children.

II. Purpose & Relationship to Objectives of TBP: Volunteering our time to make cards for children in the hospital.

III. Organization & Administration: (in conjunction with another group?) Yes No

Cards for Hospitalized Kids

IV. Cost & Personnel Requirements: N/A

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): N/A

VII. Index of Exhibits: N/A

Project #11:

Project name: Engineering Futures Date(s) of Project: 3/10/18

Project area: Community/Liberal Culture University/College
 Profession/Engineering Chapter/Social Education/Prof. Dev.
 K-12/MindSET

Number of persons who participated in this project Members: 8 Electees: 1
(Please attach a list of names.)

Rachel Reiter, Benjamin Farley, Matthew Cheesman, It Fufuengsin, Jessi Kelley, Joshua Emory, Anapat Chairthinugull, Benjamin Thiry, Haley Massa

Hours spent on this project. Organizing: 15 Participating: 8

DESCRIPTION:

I. General Description: Hosted 2 Engineering Futures Sessions: Analytical Problem Solving and Effective Presentation Skills. This was our first year hosting Engineering Futures.

II. Purpose & Relationship to Objectives of TBP: To spread the TBP name throughout the Engineering school, to encourage students to learn soft skills, and to give students a free opportunity to learn those soft skills.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements: The only cost associated with this event is buying lunch, water, and snacks for the event which costs around \$80. Since there were people who did not show up, we had leftover water and snacks for our next general meeting.

V. Special Problems: Were unable to get enough people to sign up 2 weeks before the session, and had around half the people not show up the day of.

VI. Overall Evaluation/Results (Be Specific): Contacting even more professors to get them to help spread word and encourage attendance at the event will be helpful in the future. We sent out a post-session survey to the attendees, and all attendees enjoyed Engineering Futures and stated they would attend again. A few said they'd prefer if the events were on different dates, and all learned about EF either through our general meeting announcement or through the

school wide activity email. A few thought the 9am start time on Saturday was too early. ___
VII. Index of Exhibits: Not Applicable

Project #12:

Project name: Pi Day Date(s) of Project: 3/14/2018

Project area: Community/Liberal Culture University/College
 Profession/Engineering Chapter/Social Education/Prof. Dev.
 K-12/MindSET

Hours spent on this project. Organizing: 4 Participating: 2

DESCRIPTION:

I. General Description: On the chapter's general meeting on 3/14 (Pi Day) the chapter organized some Pi Day festivities. There was a pie eating contest, contest for memorizing the digits of pi, and some pie for the members to enjoy.

II. Purpose & Relationship to Objectives of TBP: We though that this would be a fun idea to incorporate into our general meeting that happened to fall on Pi Day.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements: A room on the engineering campus had to be reserved before the meeting.

V. Special Problems: Nothing in particular

VI. Overall Evaluation/Results (Be Specific): Overall, this event was very fun, and I think the members also had fun with the activities. The kicker was when Cassie, our president, got a whipped cream pie to the face from the member who won the digits of pi memorization contest.

VII. Index of Exhibits: _____N/A_____

Project #13:

DESCRIPTION:

I. General Description: _____The event was held at Union South on the UW campus. Union South has a recreational area with bowling alleys, pool tables and a rock wall. A bowling alley and pool table were reserved for the event, which ran for two hours._____

II. Purpose & Relationship to Objectives of TBP: _____We wanted to try something new to see if this type of social event would draw interest from members. The event was also one of the first major social events this semester._____

III. Organization & Administration: (in conjunction with another group?) ___ Yes ___x___ No

IV. Cost & Personnel Requirements: ___Bowling cost \$4.00 per game, and the billiards table cost \$7.95 per table. Each pair of bowling shoes was \$2.50._____

V. Special Problems: ___It seemed like most members who had signed up for the even forgot about it. There were 8 members signed up to attend the event, but only three came._____

VI. Overall Evaluation/Results (Be Specific): ___The concept of bowling and billiards seemed to draw a lot of interest, but members failed to show up. We shouldn't throw away the possibility of doing another bowling/billiards social, since it did draw a good amount of interest._____

Hours spent on this project. Organizing: 4 Participating: 2

DESCRIPTION:

I. General Description: Initiation is held each semester to usher in new members to the WI-A chapter. TBP officers conduct the speaking parts. For this particular event, we had Famous Dave's Barbeque catered in in after the ceremony. This allowed for socializing between newly initiated members, the TBP officers, and any members who joined us.

II. Purpose & Relationship to Objectives of TBP: Holding initiation ensures that the WI-A chapter will continue to be a thriving chapter well into the future.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements: The only cost of this event was the purchase of Famous Dave's Barbecue for socializing afterwards.

V. Special Problems: We reached out to our current advisors, our district advisor, and the Dean of the College of Engineering (who is a Tau Bate), but none of them were able to show up. It would have been very impressive if these individuals of authority would have been able to attend and greet the newly initiated members.

VI. Overall Evaluation/Results (Be Specific): Ordering Famous Dave's Barbecue was an excellent idea. The new members stuck around for a much longer time following the event, which allowed us to get to know most of them personally.

Project #17:

Project name: Pi Mile Run

Date(s) of Project: April 14, 2018

Project area: Community/Liberal Culture

University/College

Profession/Engineering

Chapter/Social

Education/Prof. Dev.

K-12/MindSET

Number of persons who participated in this project Members: 25

Electees:

Matt Cheesman, Bryce Kramer, Victoria Trantow, Grant Karlsson Ellifson, Sarah Brown, Alyssa Carter, Jessi Kelley, Peter Norton, Megan Zhang, It Fufuengsin, Jack Melchert, Jesse Parritz, Ben Zastrow, Jeff Maskalunas, Claire Chen, Logan Connor, Desiree Flouro, Cassie Bradley, Jared Muench, Haley Massa, Nikki Truby, Emily Jewell, Ethan Wen, Rachel Reiter, Erik Doersching

Hours spent on this project. Organizing: 80 Participating: 6

DESCRIPTION:

I. General Description: The 19th Annual Pi Mile Run was held on 4/14 at the UW Natatorium. The run is a charity fundraiser for Madison, WI area non-profits and this year all proceeds went to OccuPaws Guide Dog Association. There were over 80 registrants, and 30 runners the day of the race with another 30 volunteers present at the event. \$1100 was raised.

II. Purpose & Relationship to Objectives of TBP: The Pi Mile Run serves the purpose of service, liberal culture, service, and community outreach.

III. Organization & Administration: (in conjunction with another group?) Yes X No

IV. Cost & Personnel Requirements: The event cost \$280 for race insurance, \$200 for facilities reservations, \$400 for T-shirts and \$100 for supplies. Food for the event along with the race clock and bibs were all provided by sponsors. Volunteers were required to monitor the race route, distribute pie and water at the start and finish line, check-in registrants, and award prizes that were donated by sponsors to the top 3 finishers in the 5K and 10K races.

V. Special Problems: The event was held outdoors and the weather the day of the race was 30°F and rainy. Therefore, the number of same-day registrants and pre-registrant turn-out the day of the race was low.

VI. Overall Evaluation/Results (Be Specific): The event was a success and the 20th Annual Pi Mile Run will take place next year. Extra consideration will be taken to ensure that the course is easy to follow. It was also difficult to secure corporate sponsorships. Several emails and phone calls were made. It is recommended that in the future, a social event for the chapter be made to have various people calling companies.

 K-12/MindSET

Number of persons who participated in this project Members: 5
Electees:

(Please attach a list of names.)

Rachel Reiter, Claire Chen, Victoria Trantow, Cassie Bradley, Noah Rhodes

Hours spent on this project. Organizing: 5 Participating: 1.5

DESCRIPTION:

I. General Description: Social event at local trampoline park. This was the first time that the chapter organized an event like this.

II. Purpose & Relationship to Objectives of TBP: The purpose of the event was to provide a fun opportunity to relieve some stress before the start of final exams.

III. Organization & Administration: (in conjunction with another group?) Yes x No

Transportation arrangements were made, as the park is far from campus

IV. Cost & Personnel Requirements: For a 1.5 hour jump time, the cost is \$19.99. Socks that are required to jump in the park are \$2.99 a pair. Members attending paid a \$10 deposit and the chapter paid the rest of the fees.

V. Special Problems: Payments from some attending members were received late

VI. Overall Evaluation/Results (Be Specific): There was a wide variety of activities at the trampoline park, including a foam pit, basketball hoops, dodgeball, etc... Everyone seemed to enjoy it.

VII. Index of Exhibits: N/A

Project #19:

Project name: Bent Casting (Spring 1) Date(s) of Project: 4/22/18

Project area: Community/Liberal Culture University/College
 Profession/Engineering Chapter/Social Education/Prof. Dev.
 K-12/MindSET

Number of persons who participated in this project Members: 6
Electees:

Jared Muench, Alex Pletta, Isabel Erickson, Riley Bridges, Noah Rhodes, Advisor Naomi Chesler

Hours spent on this project. Organizing: 1 Participating: 2

DESCRIPTION:

I. General Description: At this event, WI-A Tau Beta Pi members cast their own bents at the Material Science Foundry. This involves preparing the green-sand mold, melting the bronze, and pouring the bronze out into the mold. Each member who attended is able to take home their own 5-inch Bent.

II. Purpose & Relationship to Objectives of TBP: Not only does this event serve as an opportunity for Tau Beta Pi members to socialize, but it also allows members to cast their own Bent that they can polish/sand and keep with them throughout their college and industry careers to remind them of their honorary status in Tau Beta Pi.

III. Organization & Administration: (in conjunction with another group?) Yes No

IV. Cost & Personnel Requirements: This event is at no cost to individual members. However, Tau Beta Pi provides \$100 to the individual (Dan Franke) who runs the sessions and works in the Foundry. When bronze needs to be purchased, it usually runs ~\$3/pound.

V. Special Problems: N/A

VI. Overall Evaluation/Results (Be Specific): This is a favorite event for the members who attend. After each session, members are amazed to hear that WI-A is the only chapter that still makes their own Bents. Additionally, members are able to "get their hands dirty" by doing the actual work of casting. It allows them to apply their engineering intuition in a typical manufacturing process.

VII. Index of Exhibits: N/A

Project #20:

Project name: ___Nitty Cup Night Fundraiser___ Date(s) of Project: ___4/26/18_____

Project area: ___ Community/Liberal Culture ___ University/College
___ Profession/Engineering ___X___ Chapter/Social ___ Education/Prof. Dev.
___ K-12/MindSET

Number of persons who participated in this project Members: _5_
Electees: ___

(Please attach a list of names.)

Desiree Flouro, Ethan Wen, Nicki Truby, Jessi Kelley, Erik Doersching

Hours spent on this project. Organizing: _2___ Participating: _3___

DESCRIPTION:

I. General Description: ___This was a fundraising event sponsored by Nitty Gritty Bar & Grill. Members of Tau Beta Pi sold cups to people entering the bar for \$5 each. The cups would allow people to purchase cheaper drinks from the bar. Tau Beta Pi was able to keep the proceeds from selling the cups on top of the \$20 cup cost._____

II. Purpose & Relationship to Objectives of TBP: ___Fundraising for Tau Beta Pi allows more funding to improve the Tau Beta Pi experience for members by allowing for purchase of food for meetings, t-shirts, etc. Funding can also support our goal of volunteerism by covering transportation costs to/from volunteer sites._____

III. Organization & Administration: (in conjunction with another group?) ___ Yes ___X___ No

IV. Cost & Personnel Requirements: _\$20 upfront cost to pay for cups. Needed 3-4 at a time to sell the cups._

V. Special Problems: _Nitty Gritty has bar deals already on Thursdays. Run the event in the future on Fridays or Saturdays to increase fundraising profit._

VI. Overall Evaluation/Results (Be Specific): ___This is a great fundraising event that allows many different people to learn about Tau Beta Pi and donate to our Chapter. This can also serve as a social event for upperclassmen members of Tau Beta Pi to spend time at Nitty Gritty

together. Overall, this event should be repeated in the future, just on a Friday or Saturday._____

VII. Index of Exhibits: ___N/A___

Project #21:

Project name: ___Pre-Final Exam Weekend Study Social___ Date(s) of Project: _5/1/2018_

Project area: ___ Community/Liberal Culture ___ University/College
___ Profession/Engineering _x_ Chapter/Social ___ Education/Prof. Dev.
___ K-12/MindSET

Number of persons who participated in this project Members: _5_

Electees: ___

(Please attach a list of names.)
