

Tau Beta Pi Awards 32 Fellowships

The Fellowship Board of **Tau Beta Pi**, the engineering honor society, announces the selection of 32 engineering students from 351 applicants for graduate fellowships in 2023-24. All of this year's recipients will receive cash stipends of \$10,000 for advanced study. More than \$8,600,000 in stipends will have been given by the Association when this 90th group of fellows completes its graduate work. These awards bring the total to 1,799 fellowships since the program began in 1929. All Tau Beta Pi Fellowships are awarded on the competitive criteria of high scholarship, campus leadership and service, and promise of future contributions to the engineering profession. All fellows are members of Tau Beta Pi and may do their graduate work at any institution they choose.

This year's recipients will study various fields of engineering and science, including biomedical (4), mechanical (4), medical (3), aerospace (2), bioengineering (2), and chemical (2). The others have chosen to study aerospace and astronautical engineering, artificial intelligence, biological engineering, biological systems engineering, chemical and biological engineering, chemical and biomolecular engineering, computer science, electrical and computer engineering, engineering sustainable development, global affairs and leadership, industrial and systems engineering, materials science and engineering, medicine, neural computer engineering, and renewable energy.

- The six **James Fife Fellowships** are presented in memory of the father of the late member William Fife, *CA Alpha 1921*.
- The **Forge Fellowship** is named for Charles O. Forge, *CA Gamma '56*, who left a bequest in 2010.
- The **Hennis Fellowship** is awarded for the 4th time thanks to a generous gift from Lee A. Hennis, *CA Delta '65*, to continue mentoring young engineers.
- The **Harold M. King Fellowship**, awarded for the 62nd time, honors the 1954-58 president of TBP, Harold M. King, *MA A 1910*, and is given to that recipient whose participation in his/her technical society is judged worthy of special mention.

Tau Beta Pi is The Engineering Honor Society, founded at Lehigh University in 1885. With 255 collegiate chapters and 50 active alumni chapters, it has initiated over 630,000 members in its 138-year history and is the world's largest engineering society (see www.tbp.org). Contact Wilhelmina Hill-Bearhs (w.hill-bearhs@tbp.org) for more details.

- The **Matthews Fellowship** is awarded in honor of R.C. “Red” Matthews, *IL Alpha 1902*, who served as Secretary and Secretary-Treasurer from 1905-47 and as Secretary-Treasurer Emeritus in 1947-78.
- The **Nagel Fellowship** is given in honor of Robert H. Nagel, P.E., *NY Delta '39*, for his service as Editor and Secretary-Treasurer from 1942-82 and as Secretary-Treasurer Emeritus in 1982-97.
- The **Record Fellowships** commemorate Leroy E. Record, *KS Alpha '29*, whose generous bequest will provide earnings to support awards in perpetuity.
- The **Sigma Tau Fellowship**, given for the 49th time, perpetuates the name of Sigma Tau, a national engineering honor society founded at the University of Nebraska in 1904 and merged with Tau Beta Pi in 1974. It also commemorates Sigma Tau’s former national president and secretary-treasurer, Clarel B. Mapes.
- The **Charles H. Spencer Fellowship** is given for the 68th time. Named for Tau Beta Pi’s president from 1936-47, Charles H. Spencer, *IL Beta 1913*, it is awarded to that recipient whose contributions to his/her collegiate chapter are judged worthy of commendation.
